

# License Plate Collection Game

Collect as many out-of-province license plates as you can during your vacation trip. Score 1 point for trucks or buses. Score 5 points for cars, motor bikes or vans. You can only score points if the license plate comes from another province or state then the one you are in. For example: if you are driving through the province of Alberta, you cannot count Alberta license plates. Score 5 bonus points if you know the capital city of that province or state. Score 50 bonus points for license plates from the state of Hawaii or any license plate that does not come from the North American Continent. ***The car you are in may not speed up or slow down to get a better look at the license plate!***

Province/State	Capital City	Plate / Tag	Province/State	Capital City	Plate / Tag
Canada	Ottawa		Maine	Augusta
